

# Wera Tray Sets

## Kraftform Kompakt Screwdriver Tray Sets

Wera Multi-Bit Screwdriver tray sets combine versatile bitholding tools with integrated ratchet functionality for efficient fastening across diverse applications. The 838 RA-R M bitholding screwdriver features fine 36-tooth ratcheting with a 10° return angle, while the 416 RA T-handle screwdriver offers ultra-fine 80-tooth ratcheting with a 4.5° return angle for precision work in confined spaces. The ergonomic 2-component T-handle design with finger recesses facilitates high power transmission and fatigue-free operation. All bitholding screwdrivers feature Rapidaptor quick-release chuck for lightning-fast bit changes with strong permanent magnet retention. The set includes the Zyklop 8001 A Mini bit ratchet with 60-tooth mechanism (6° return angle) in drop-forged solid steel construction, plus a magnetizer/demagnetizer tool for controlled screw retention. The durable two-color foam insert provides secure tool storage with precision contour cutouts, and when a tool is removed, the contrasting underlayer becomes immediately visible for quick inventory checks.

## Features

- Tray Size: 1/4 long drawer (15.4 x 6.8 x 1.4in)
- Multiple ratcheting options and return angles for various applications
- Rapidaptor quick-release chuck enables fast bit changes without additional tools
- Ergonomic T-handle design with finger recesses for high power transmission and fatigue-free work
- Includes adapter for 1/4" sockets and magnetizer/demagnetizer tool (9500)
- Two-color foam insert with high-contrast underlayer for missing tool identification
- Water- and oil-repellent foam construction for easy cleaning and long-term durability

Safe storage and quick visual overview

# Wera Tray Sets

## Overview

Wera modular foam tray sets provide professional-grade tool organization that maximizes efficiency and workspace optimization. Each set features durable two-color foam construction designed to fit seamlessly in most toolboxes and pull-out tool drawers. Available in multiple tool type configurations, these modular trays allow professionals to customize their storage based on specific job requirements while maintaining standardized dimensions for efficient drawer utilization.

The high-quality foam construction protects tools from damage while precision contour cutouts keep each tool held securely. The innovative two-color design makes missing tools immediately visible—when a tool is removed, the contrasting underlayer becomes apparent at a glance. Water- and oil-repellent foam requires minimal maintenance. This systematic organization reduces time spent searching for tools, improves inventory management, and creates a cleaner, more professional workspace. Whether outfitting a new toolbox or upgrading existing storage, Wera foam tray sets deliver the organization and durability professionals demand.

## Features

- Two-color foam construction for instant missing tool identification
- Water- and oil-repellent for easy cleaning and durability
- Chemical vapor-free foam construction for safe tool storage
- Precision contour cutouts secure tools and prevent movement
- Optimized cutout design for easy tool removal
- Modular system fits most toolboxes and pull-out tool drawers
- Multiple tool type configurations available
- Soft foam protects tools from scratches, dirt, and impact
- Space-saving design maximizes drawer capacity
- Professional tool organization improves inventory management
- Multiple size configurations available:
  - 1/4 long drawer (15.4 x 6.8 x 1.4in)
  - 1/2 drawer (15.4 x 13.5 x 1.9in)
