

Wera Tray Sets

L-Key Tray Sets

Wera's L-Key foam tray set delivers professional-grade hex key organization with integrated engineering innovations. Each precision-manufactured L-key features the proprietary Hex-Plus profile that increases contact surface area within the socket screw, preventing fastener damage while allowing up to 20% more torque application compared to conventional hex keys. The ball-end design enables angled screwdriving at up to 25° for hard-to-reach applications, while color-coded thermoplastic sleeves provide ergonomic grip comfort—even in cold working conditions—and instant size identification through Wera's Take it easy tool finder system. The durable two-color foam insert provides secure tool storage with precision contour cutouts, and when a tool is removed, the contrasting underlayer becomes immediately visible for quick inventory checks.

Features

- Tray Size: 1/4 long drawer (15.4 x 6.8 x 1.4in)
- Hex-Plus profile provides 20% more torque capacity and prevents fastener rounding
- Ball-end design enables angled screwdriving up to 25° for hard-to-reach applications
- Color-coded sleeves with Take it easy tool finder system for quick size identification
- Two-color foam insert with high-contrast underlayer for missing tool identification
- Magnetizer/demagnetizer tool (9500) included for controlled screw retention
- Water- and oil-repellent foam construction for easy cleaning and long-term durability

Two-colored foam for quick identification

Ball tip profile allows for spherical drive to reach around corners

Thermoplastic sleeve for color coding and excellent grip

Wera Tray Sets

Overview

Wera modular foam tray sets provide professional-grade tool organization that maximizes efficiency and workspace optimization. Each set features durable two-color foam construction designed to fit seamlessly in most toolboxes and pull-out tool drawers. Available in multiple tool type configurations, these modular trays allow professionals to customize their storage based on specific job requirements while maintaining standardized dimensions for efficient drawer utilization.

The high-quality foam construction protects tools from damage while precision contour cutouts keep each tool held securely. The innovative two-color design makes missing tools immediately visible—when a tool is removed, the contrasting underlayer becomes apparent at a glance. Water- and oil-repellent foam requires minimal maintenance. This systematic organization reduces time spent searching for tools, improves inventory management, and creates a cleaner, more professional workspace. Whether outfitting a new toolbox or upgrading existing storage, Wera foam tray sets deliver the organization and durability professionals demand.

Features

- Two-color foam construction for instant missing tool identification
- Water- and oil-repellent for easy cleaning and durability
- Chemical vapor-free foam construction for safe tool storage
- Precision contour cutouts secure tools and prevent movement
- Optimized cutout design for easy tool removal
- Modular system fits most toolboxes and pull-out tool drawers
- Multiple tool type configurations available
- Soft foam protects tools from scratches, dirt, and impact
- Space-saving design maximizes drawer capacity
- Professional tool organization improves inventory management
- Multiple size configurations available:
 - 1/4 long drawer (15.4 x 6.8 x 1.4in)
 - 1/2 drawer (15.4 x 13.5 x 1.9in)
