

Wera Tray Sets

Precision Screwdriver Tray Sets

Wera Micro Screwdriver tray sets feature precision-engineered Kraftform Micro handles designed specifically for electronics and fine assembly work. The multi-component handle incorporates three distinct zones: a precision zone directly above the blade for better feel during fine adjustment, a power zone with integrated soft zones for high torque transfer, and a free-turning cap for rapid twisting and hand support during quick work. The anti-roll feature prevents table-top roll-off, while the rotating cap enables fast and ergonomic screwdriving. Wera Black Point tips offer exact fit and optimum corrosion protection, and the Take it easy tool finder color coding allows quick identification by profile and size. The durable two-color foam insert provides secure tool storage with precision contour cutouts, and when a tool is removed, the contrasting underlayer becomes immediately visible for quick inventory checks.

Features

- Tray Size: 1/2 drawer (15.4 x 13.8 x 1.5in)
- Kraftform Micro handle with three specialized zones for precision and power
- Free-turning cap with anti-roll feature for rapid twisting and ergonomic hand support
- Wera Black Point tips provide exact fit and optimum corrosion protection
- Take it easy tool finder color coding for quick profile and size identification
- Two-color foam insert with high-contrast underlayer for missing tool identification
- Water- and oil-repellent foam construction for easy cleaning and long-term durability

Wera Tray Sets

Overview

Wera modular foam tray sets provide professional-grade tool organization that maximizes efficiency and workspace optimization. Each set features durable two-color foam construction designed to fit seamlessly in most toolboxes and pull-out tool drawers. Available in multiple tool type configurations, these modular trays allow professionals to customize their storage based on specific job requirements while maintaining standardized dimensions for efficient drawer utilization.

The high-quality foam construction protects tools from damage while precision contour cutouts keep each tool held securely. The innovative two-color design makes missing tools immediately visible—when a tool is removed, the contrasting underlayer becomes apparent at a glance. Water- and oil-repellent foam requires minimal maintenance. This systematic organization reduces time spent searching for tools, improves inventory management, and creates a cleaner, more professional workspace. Whether outfitting a new toolbox or upgrading existing storage, Wera foam tray sets deliver the organization and durability professionals demand.

Custom-Fit Compartments

Safe Storage and Quick Overview

1/4 long drawer

15.4 x 6.8 x 1.4in

Features

- Two-color foam construction for instant missing tool identification
- Water- and oil-repellent for easy cleaning and durability
- Chemical vapor-free foam construction for safe tool storage
- Precision contour cutouts secure tools and prevent movement
- Optimized cutout design for easy tool removal
- Modular system fits most toolboxes and pull-out tool drawers
- Multiple tool type configurations available
- Soft foam protects tools from scratches, dirt, and impact
- Space-saving design maximizes drawer capacity
- Professional tool organization improves inventory management
- Multiple size configurations available:
 - 1/4 long drawer (15.4 x 6.8 x 1.4in)
 - 1/2 drawer (15.4 x 13.5 x 1.9in)
