Tools that work for you

## Folding Rulers

Wiha MaxiFlex Folding Rulers are heavy-duty measuring tools built for professionals who demand reliability and accuracy. Available in multiple configurations to suit different job requirements, these collapsible rulers offer convenient portability without sacrificing durability. Easy-to-read markings in various color schemes provide clear visibility in all light conditions, while rugged construction stands up to demanding work environments. Ideal for layout work, installation projects, maintenance tasks, electrical applications, and any job requiring accurate linear measurements.

## Features

- Collapsible multi-section design for compact storage and easy portability
- Lock-in-place stop-joints with stainless steel springs for secure 90- and 180-degree angles
- Deep-embossed hatch marks on both sides and edges for precise readings
- Durable fiberglass-reinforced or composite laminated construction for impact resistance
- Waterproof and chemical resistant material for long service life

Folding Rulers									
Part Number	Product Image	Length		Number of Sections	Measurement Type	Measurement Reading	Color	Additional Features	Price
		Open	Closed						
<a href="#"><u>WT61602</u></a>		6.5 ft / 2 m	9 in	10	Metric	Metric outside	White	Metric notched markings are on both sides and edges, 40% more rigid when extended	\$13.00
<a href="#"><u>WT61606</u></a>		6.5 ft / 2 m	9 in	10	Metric Imperial	Metric inside imperial outside	Black and red	Steel caps protect both ruler ends, notched markings, 40% more rigid when extended	\$21.00
<a href="#"><u>WT61609</u></a>		6 ft	8 in	12	Imperial	Imperial inside	Yellow	Imperial notched markings are on both sides and edges, 40% more rigid when extended	\$25.00
<a href="#"><u>WT61620</u></a>		6 ft	8 in	12	Imperial	Imperial outside	Yellow	Imperial notched markings are on both sides and edges, includes a 6 in depth extension, 40% more rigid when extended	\$27.00
<a href="#"><u>WT61630</u></a>		6.5 ft / 2 m	9 in	10	Metric Imperial	Metric inside imperial outside	Red	Integrated wire pulling slot for pulling wire gauged between 3-7 mm, notched markings, 40% more rigid when extended, insulated - rated up to 1000 VAC	\$21.00
<a href="#"><u>WT61662</u></a>		6.5 ft / 2 m	9 in	10	Metric Imperial	Imperial outside metric inside	Yellow	Notched markings are on both sides and edges, 40% more rigid when extended	\$13.00
