SoftFinish Screwdriver Tray Sets

Wiha Insulated SoftFinish Cushion Grip Driver Tray Sets are the standard for premium quality. Available in 5-piece and 10-piece configurations, these sets feature ergonomic cushion grip handles for comfort and control with dual durometer construction for long-lasting durability. Handles are directly molded to the blade for a permanent bond and sized proportionately to the blade for consistent mechanical advantage. The drivers feature exact fit precision machined tips for reduced cam-out and tip profiles labeled on the cap for easy identification. Constructed from Wiha-engineered premium quality tool steel with black oxide finish for corrosion protection, every Wiha insulated tool is individually tested to 10,000 volts AC and rated to 1,000 volts AC (1,500 volts DC) for safety and peace of mind in energized applications. VDE Certified and meets EN/IEC 60900 testing standards for protection against arc flash explosion, ASTM F1505 standard specifications for insulated and insulating hand tools, and CSA testing benchmarks for safety and performance.

Features

- Available in 5-piece and 10-piece configurations
 - Slotted, Phillips, and Square tip options
- Individually tested to 10,000 volts AC and rated to 1,000 volts AC for electrical applications
- SoftFinish cushion grip handle for comfort and control
- Handle directly molded to blade for permanent bond
- Dual durometer construction for long-lasting durability
- Exact fit precision machined tips for reduced cam-out
- Tip profile labeled on cap for easy identification
- Premium quality tool steel with black oxide finish for corrosion protection
- VDE Certified and meets EN/IEC 60900, ASTM F1505, and CSA testing standards

Clearly labeled sizes for quick identification

Elegant organization with easy-access cutouts

wiha Tray Sets

Tools that work for you

Overview

Wiha modular foam tray sets provide professional-grade tool organization that maximizes efficiency and workspace optimization. Each set is housed in durable laminated tri-layer foam trays designed to fit seamlessly in most toolboxes and pull-out tool drawers. Available in multiple size configurations, these modular trays allow multiple units to fit within a single standard tool drawer—maximizing storage capacity while maintaining easy access to frequently used tools.

The soft foam construction protects tools from damage while custom-fit compartments keep each tool securely in place, preventing movement during transport or storage. High visibility tool callouts are printed directly on each tray, making it easy to identify missing tools at a glance and ensuring every tool returns to its designated location. This systematic organization reduces time spent searching for tools, improves inventory management, and creates a cleaner, more professional workspace. Whether outfitting a new toolbox or upgrading existing storage, Wiha foam tray sets deliver the organization and durability professionals demand.

Features

- Durable laminated tri-layer foam construction
- Hard shell top layer provides impact resistance and easy wipe-clean maintenance
- High visibility tool callouts printed on each tray for quick identification and inventory management
- Custom-fit compartments secure each tool in place and prevent movement during transport
- Modular foam tray system with standardized sizes fits most toolboxes and pull-out tool drawers
- Multiple size configurations available:
 - 1/8 drawer (15.5 x 6.5 x 1.25 in)
 - 1/4 drawer (11.0 x 7.75 x 1.25 in)
 - 1/2 drawer (15.5 x 11.0 x 1.5 in)
 - Full drawer (22.0 X 15.5 X 1.25 in)
- Soft foam protects tools from scratches and damage
- Space-saving design maximizes drawer capacity and accessibility
