Tools that work for you

Electrician's Tool Set

The Wiha 16-Piece Electrician's Tool Kit has the tools you need to get started as an apprentice electrician with the added safety of using individually tested VDE screwdrivers. The set contains common insulated screwdrivers used by electricians: precision screwdrivers, a level, tape measure, wire strippers, and a hammer for everyday work. Whether you are setting up panels, or doing residential HVAC work, Wiha's apprentice tool set is a complete tool kit to get you started into the Wiha family of tools. Every single Wiha insulated tool is individually tested to 10,000 volts AC and rated to 1,000 volts AC (1,500 volts DC) for safety and peace of mind in energized applications. This tool is VDE Certified and meets EN/IEC 60900 testing standards for protection against arc flash explosion, ASTM F1505 standard specifications for insulated and insulating hand tools and CSA testing benchmarks for safety and performance.

Features

- Tools conveniently packaged inside a Cordura Electricians Belt Pouch
- Individually tested to 10,000 volts AC and rated to 1,000 volts AC for safety and peace of mind
- Slip guard handle design for added protection
- SoftFinish cushion grip handles for comfort and control
- Dual durometer construction for long-lasting durability
- Pliers have induction-hardened cutting edges and jaws for superior longevity and Wiha's patented DynamicJoint for 40% stronger grip and easier cuts
